

Automotive

Greenspoon Marder's Automotive practice group assist clients with a variety of matters including corporate governance, the structuring, negotiation, and management of dealership acquisitions and sales, dealership and distribution, e-commerce marketing, manufacturing processes and technology issues with online car sales platforms. Our team of attorneys provide legal counsel to franchised and independent car dealers, truck dealers, RV dealers. Providing a multifaceted approach, Greenspoon Marder's Automotive practice group works together to assist clients facing challenges specific to the automotive industry including:

- Real Estate Purchasing
- Land Use & Zoning Issues
- Advising on Financing Including Structuring Debt Facilities
- Regulatory Compliance
- Employment Law
- Tax Structuring and Planning

Our significant relationships with accounting resources, operational partners, and traditional and nontraditional lenders and finance sources in the industry provide our clients with inclusive legal services for the evolving retail automotive industry.
