## **Sub-Practices**

### **Financial Recovery**

In response to dramatic shifts in the economic environment, Greenspoon Marder LLP has expanded to assist clients in managing the challenges that the real estate marketplace has presented.

Our attorneys regularly provide legal services and counsel to financial institutions, creditors, receivers, trustees, creditor committees, buyers of distressed assets, Commercial mortgage-backed securities (CMBS) special servicers and investors. Wherever possible, our attorneys strive to resolve creditor issues in an out-of-court workout. Experience has shown that this approach can often lead to beneficial results for our clients with considerable cost savings, over the expense and risk of litigation.

Our team advises clients in evaluating their assets, establishing workout strategies, creating the workout's legal structure, and then negotiating the workout.

Our team routinely handles:

- Chapter 11 Reorganization Proceedings
- Out-of-Court Workout
- Chapter 7 Liquidation
- Debt Restructuring Proposals to Lenders from Borrowers: Formation and negotiation of debt restructuring proposals on behalf of borrowers and institutional lenders.
- Assignments for the Benefit of Creditor Proceedings: Insolvency proceeding governed by state law, as an alternative to Chapter 11 and Chapter 7.
- State Court Corporate Liquidations: Legal representation of assignees, assignors, creditors and purchasers of assets in assignments for the benefit of creditors.
- Purchases from Distressed Situations: Legal representation of potential purchasers and purchasers of assets from entities and individuals in financial distress, including representation of borrowers and lenders for non-performing debt.
- Creditor Committee Representation: Representation or performance of services for an appointed, unsecured creditors' committee or equity security holders' committee.
- Trustee and Receiver Representation: Legal representation and performance of services for Chapter 7 and Chapter 11 bankruptcy trustees appointed in bankruptcy cases.
- Workout-Related Tax Planning and Consultation
- Due Diligence for Non-Performing Assets
