

Vehicle Protection Association

Application for Membership and Member Commitment

Sound business practices and redundant standards result in business longevity and a solid reputation. Members of the Vehicle Protection Association (“Association” or “VPA”) subscribe to this principle.

All Members must conduct business in a manner that supports the VPA’s Standard’s aims and principles. These Standards acknowledge that industry and consumers are best served when industry enacts self-regulatory measures, and as such, self-regulation is preferable to governmental mandates.

Members will encourage all industry members to follow these Standards as well.

The Association’s goal is to enhance the customer experience by providing training, establishing fair standards, defining quality products and reliable services while establishing an effective self-regulatory mechanism.
